

# Flow Measurement for the Water Industry

**Customer:** Aquarion Water Company  
**Location:** Greenwich, CT

Application	Technology	Medium
Well Water Flow	 Clamp-on-Ultrasonic	 Potable Water
Features	Real-World Usage:	
Media: Water Pipe: 6" Material: Ductile Iron Snd. speed: 1435 Location: Well	Aquarion required meter to be installed on pipe. Shutting down flow of pipe would be inconvenient, and the tight working spaces of the pit the pipe resided in would be difficult to work with. Flexim's meter was installed on the pipe without a shutdown and didn't require a team to cut apart the pipe.	
	Dual Beam Reflect 	Maintains accuracy in Limited Straight Run; Redundancy
Advantages:		
	<ul style="list-style-type: none"> <li>No need to terminate flow on existing pipes.</li> <li>No need to cut or modify pipe.</li> <li>Simple "no maintenance" solution.</li> <li>No Pressure Drop.</li> <li>Accuracy even at low flow rates.</li> <li>No resistance added to pipe.</li> </ul>
